Brooke-Alvinston-Inwood Community Centre Complex
3310 Walnut Street, Alvinston, N0N 1A0
(Lunch/snacks and resource materials included)

Engaging adolescents in a meaningful way is a skill that can be learned. It is grounded in the principles of understanding the developmental needs of youth, the assets they have, appreciating how their brains are developing, and recognizing the importance that peers and caring adults have in their lives. Through research and other information tools and techniques, this workshop will walk participants through these principles. Then, through small group discussion and practical application processes, special consideration will be given to applying these principles within the unique characteristics that living life in rural Ontario can bring.

This workshop is intended for all those who work with youth and/or are interested in engaging youth such as, economic development staff, parks and recreation staff, elected officials and/or advisory committee members to:

- Discover the keys to engaging and retaining youth in rural communities
- Learn more about teen development and how teens make decisions
- Create a stronger youth voice and presence in local decision making processes
- Connect with others who are interested in supporting positive youth development
- Understand the unique role of adults in supporting effective youth engagement
